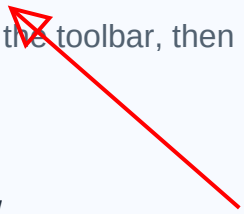
Paper

A simple place to work with PDFs.

Make a small correction

A small correction goes here.

Choose Correct Text in the toolbar, then click the line above.



Read and review

Select a sentence and choose Tools > Highlight Selection.

Leave a note, draw an arrow, or add a text box.

Keep the document in order

Use the Pages menu to insert, rotate, extract, or reorder pages.

Save an editable PDF, or export a flattened copy.
